31st ANNUAL CONFERENCE

Durham Castle, England, 5th - 7th September 2001

Programme

Wednesday 5 th	September	
10.30	Registration and Coffee	
11.30 - 12.30	PLENARY ADDRES Professor John Goddard (Pro-Vice Chancel "The Role of Universities in	llor, University of Newcastle upon Tyne)
12.45	Lunch : Gr	reat Hall
	PARALLEL SESSION 1 : Room PG20	PARALLEL SESSION 2 : Room PG21
14.00 - 15.45	RURAL ECONOMIES	THE "NEW" ECONOMY
	 Andrew Errington - "Developing tools for rural development: a multidisciplinary research agenda" 	 Alan Southern - "The 'new economy' in older industrial regions: information and communication technologies as a means of regeneration"
	Ayele Gelan & Deborah Roberts - "The economic impacts of migration to rural areas"	 Eduardo Anselmo de Castro & Chris Jensen-Butler - "Demand for telematics based services
	 Darren Smith - "Rural gatekeepers and the provision of affordable housing" 	and regional economic development"
		Bob Thompson - "A new urban hierarchy, connected cities"
15.45	Tea	
16.15 - 18.00	RURAL SERVICE PROVISION	INDUSTRIAL LOCATION
	 Mike Coombes & Simon Raybould "Planning service delivery: is there an urban bias in location- allocation modelling?" 	 Jorge Vera Garcia - "Global change, liberalisation and regional concentration: the case of the garment industry in Mexico"
	Sarah Monk - "Access to services in rural areas"	2. Tomokazu Arita & Philip McCann - The location of
	 Guy Robinson - "Evaluating the changing context of rural service provision in the UK" 	technological innovations within the Japanese semiconductor industry"
		3. Barry Brunt, Steve Garner & Richard Moloney - "An economic assessment of the determinants of industrial location in the South-West region of Ireland"

Evening	River Cruise	
PRIVATE Thursday 6 th September		
	PARALLEL SESSION 1 : Room PG20	PARALLEL SESSION 2 : Room PG21
09.00 - 10.45	RURAL SERVICE PROVISION	REGIONAL CONVERGENCE
	 Jane Midgely - "Access to financial services: the rural, the urban, the wider issue" Andrew Lovett & Gilla Sünnenberg - "The implications of changes in public transport provision for accessibility to services in South Norfolk" 	1. Eoin O'Leary - "Labour productivity convergence among Irish regions: the roles of sectors, transfer pricing and structural change 1960-1996" OR "Regional divergence in the Celtic tiger: the policy dilemma" 2. Don Webber & Paul
	3. R.MacFarlane, K.Turner, C.S.Chandler & B.J.Chandler - "Geographies of health care: can the white paper really shape 'A fair deal for rural England'?"	White - "Analysing factor price convergence using measures of concordance and discordance"
10.45	Coffee	2
11.15 -12.25	MIGRATION MODELLING 1. Stewart Fotheringham, Phil Rees & Heather Eyre - "The development and calibration of migration models using very rich data sets: the example of the DETR model" 2. Phil Rees, James MacGill & Stewart Fotheringham - "Implementation of a prediction tool and user interface for a migration model prepared for the Department of the Environment, Transport and	AGGLOMERATION AND SPECIALISATION 1. Geoffrey Hewings, John Parr, Jungyul Sim & Suahasil Nazara - "Agglomeration and trade: some additional perspectives" 2. John Dewhurst - "A comparison of measures of industrial specialiazation for travel-to-work areas in Great Britain, 1981-1997"
	the Regions (DETR)"	
12.40	Lunch : Grea	at Hall
Thursday 6 th Se	ptember (cont.)	
	PARALLEL SESSION 1 : Room PG20	PARALLEL SESSION 2 : Room PG21
14.00 - 15.45	MIGRATION MODELLING 1. Glen Bramley - "The migration impacts of different economic and policy scenarios"	1. Steve Hill & Rachel Jones - "Do development agencies make any difference?"
	John Hollis - "Development of a migration model: extension to a	

	population projection model"	evaluating the impact of infrastructure investments"
	3. John Stillwell, Heather Eyre &	
	Phil Rees - "Incorporating	
	international migration flows into	
45.45	the DETR migration model"	
15.45 16.15 - 18.00	Tea LABOUR MARKETS FIRM PERFORMANCE	
16.15 - 16.00	LADOUR MARKETS	FIRM PERFORMANCE
	1. Sari Pekkala & Hannu Tervo -	1. Jayne Bryan - "Small
	"Personal unemployment and	manufacturing firms, output
	inter-regional migration: does	growth and local market
	moving help in finding a job?"	dependency in Wales"
	2. Cheryl Conway, Paul Benneworth	2. Linda Juleff - "A comparison of
	& Rick Audas - "Evaluating policy	the economic activities of new
	in the context of regional	and established advanced
	differentials in graduate labour market opportunities"	producer service firms in Scotland"
	market opportunities	Scottand
	3. Sari Pekkala & Abi Kangasharju -	3. Toshiharu Ishikawa - "The effect
	"Regional labour market	on the retail market structure
	adjustment in Finland"	of the proposition by the
		manufacturer to sell goods directly to the consumer"
18.15	RSAI: British & Irish Sec	·
20.00	Annual Dinner: Great Hall : Sp	oonsored by ONE NORTH EAST
20.00 Friday 7 th Septe		oonsored by ONE NORTH EAST
		PARALLEL SESSION 2 : Room PG21
	ember	·
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS	PARALLEL SESSION 2 : Room PG21 MODELLING IN REGIONAL SCIENCE
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh -	PARALLEL SESSION 2 : Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing	PARALLEL SESSION 2 : Room PG21 MODELLING IN REGIONAL SCIENCE
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh -	PARALLEL SESSION 2 : Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching
Friday 7 th Septe	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling"
Friday 7 th Septe	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira -
Friday 7 th Septe	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki:	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around
Friday 7 th Septe	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira -
Friday 7 th Septe	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unit-elastic demand functions"
Friday 7 th Septe	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual anonymised records of the LFS"	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unit-elastic demand functions"
9.00 - 10.45	PARALLEL SESSION 1: Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual anonymised records of the LFS" Cof ISSUES IN URBAN ANALYSIS	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unitelastic demand functions" fee MODELLING IN REGIONAL SCIENCE
9.00 - 10.45	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual anonymised records of the LFS" Cof ISSUES IN URBAN ANALYSIS	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unitelastic demand functions" fee MODELLING IN REGIONAL SCIENCE 1. Peter Mcgregor, M. Romeril,
9.00 - 10.45	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual anonymised records of the LFS" Cof ISSUES IN URBAN ANALYSIS 1. Antonio Serrano - "Defining the concept of city attractiveness	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unitelastic demand functions" fee MODELLING IN REGIONAL SCIENCE 1. Peter Mcgregor, M. Romeril, Kim Swales & K.Turner -
9.00 - 10.45	PARALLEL SESSION 1 : Room PG20 LABOUR MARKETS 1. Iain McNicoll & Richard Marsh - "Measuring the effect of changing structure on skilled employment" 2. Ron McQuaid, M.Greig & J.Adams - "New deal targets and job search success in local labour markets" 3. Steven Rodokanakis - The impact of training on the labour market in the Greek county of Attiki: analysis of the individual anonymised records of the LFS" Cof ISSUES IN URBAN ANALYSIS	PARALLEL SESSION 2: Room PG21 MODELLING IN REGIONAL SCIENCE 1. David Haskins - "Issues when designing dynamic integrated transport information systems" 2. Young-Hoon Kim - "Identifying evolutionary searching mechanism of genetic algorithms for regional science modelling" 3. Fernando Barreiro-Pereira - "Efficient location around central market under unitelastic demand functions" fee MODELLING IN REGIONAL SCIENCE 1. Peter Mcgregor, M. Romeril,

	2. Mike Danson, Iain Fleming, Karen Gilmore & Geoff Whittam - "Housing stock transfer: local and regional economic impacts" 2. Chris Jensen-Butler & Bjarne Madsen - "Is there a (regional) double dividend? - modelling road pricing in an interregional general equilibrium framework"	
12.40	Lunch : Great Hall
